

Welcome to Theia Learning by Theia Health Group. We are committed to providing direct care professionals with quality training options that meet their needs and the needs of the provider. Our registered nurses are available to support you through your journey as a direct care professional. Register today and become a Theia Health member.

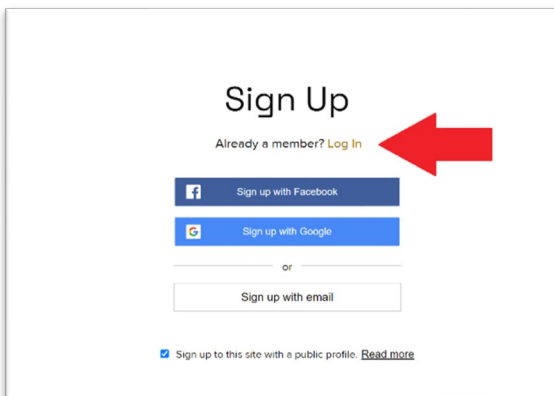

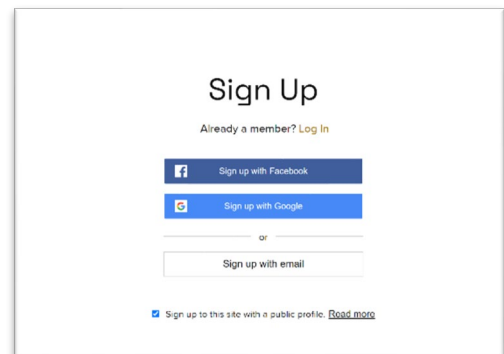

Accessing your account in Theia Learning by going to [www.LearningWithTheia.com](http://www.LearningWithTheia.com) on your computer or mobile device.

LET'S GET STARTED!

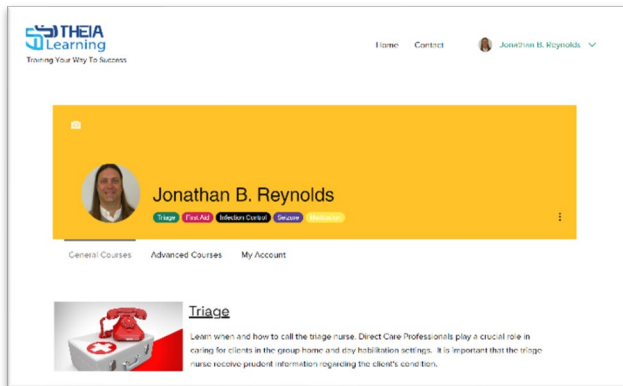

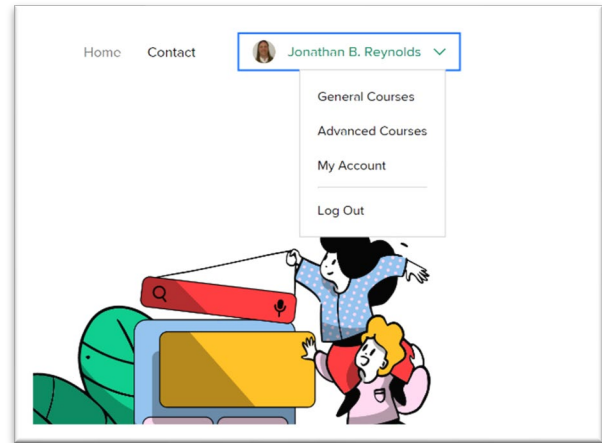

Sign up for an account on the home page by clicking "Get Started".

You will need to set up your personal account. You can do so by signing up with a social media account or email address. Simply follow the directions and you'll be a Theia Health member in no time.

Once signed in, click on your name located at the top of the Home page to access your profile and courses.

Click on “General Courses”

Welcome to your profile page. From here you can edit your profile and access training courses offered by Theia Learning.

Direct Care Professionals are required to take all of the General Courses which include Triage, First Aid, Seizures, and Universal Precautions. Self-Administration of Medication Supervision (SAMS) must be attended in-person or by webinar provided by a Registered Nurse of Theia Health Group. Once you complete the SAMS training, you can then log into your account and take the SAMS test.

We encourage you to download the Crib Sheet for each course which can be found on the introduction page of each module. You can also find Crib Sheets and additional resources from your profile page by clicking “Resources”.

If you would like to see a specific course that isn't listed, please don't hesitate to let us know. We are here to serve and provide direct care professionals with training materials that make for a more successful journey.

Sincerely,

*Jon Bradley*
